A search bar is located in the top right corner. The main content area includes a banner about peer-reviewed journals, a section for conference series, and a detailed definition of Open Access publication. The definition states that an Open Access publication is one that meets the following conditions:

- The author(s) and copyright holder(s) grant to all users a free, irrevocable, worldwide, perpetual right of access and a license to copy, use, distribute, transmit and display the work publicly and to make and distribute derivative works in any digital medium for any responsible purpose, subject to proper attribution of authorship, as well as the right to make small number of printed copies for their personal use.
- A complete version of the work and all supplemental materials, including a copy of the permission as stated above, in a suitable standard electronic format is deposited immediately upon initial publication in at least one online repository that is supported by an academic institution, scholarly society, government agency, or other well-established organization that seeks to enable Open Access, unrestricted distribution, interoperability, and long-term archiving (for the biomedical sciences, PubMed Central is such a repository).

A 'GET THE APP' button is visible on the right side of the page.

A search bar is located in the top right. Below the navigation bar, there are several promotional banners: one about using researched information from 700+ peer-reviewed journals, another about meeting inspiring speakers at 3000+ global conferences, and a central section titled 'Engineering Journals' with a search bar and a description of the journals' focus on technological soundness and practical application. Below this, there are two main sections: 'Engineering Journals Impact Factors List' and 'List of Engineering Conferences'. The impact factors list includes a table with columns for 'Journal Name', 'Journal Impact Factor', and 'Citations Report', with an entry for 'Journal of Electrical Engineering' having an impact factor of 0.633. The list of conferences includes an entry for the '8th International Conference on Big Data Analysis and Data Mining, Vienna, Austria' held from August 09-10, 2021.
