INTRODUCTION

Capacity building is a process of equipping oneself to develop their Professional Skills. The purpose of capacity building is to enhance the ability of the students to solve the career problems and to develop decision making skills. IECW takes enough steps to enhance their technical skills and other talents to build a better future. Our Institution organizes some good number of webinars, seminars and workshops on the basis of four categories.

1. Soft Skills
2. Language and Communication Skills
3. Life Skills (Physical Fitness, Yoga, Health & Hygiene)
4. ICT/Computing Skills.

SOFT SKILLS

Soft skills play an important role in the development of the students' overall personality, there by enhancing their career prospects. It helps everyone to face challenges in day today activities to achieve their goals. Soft skills include intra-personal skills, interpersonal skills, leadership skills, positive attitude, decision-making skill, creative thinking, problem-solving, teamwork etc which are crucial for career success. IECW takes lot of steps to enhance the students` soft skills through various webinars, motivational and training programs.

LANGUAGE AND COMMUNICATION SKILLS

Communication plays a vital role in this recent competitive world. It's a predominant tool to convey the right information. The current education system and learning environment are built around a central source for information which portrays the effective communication. By understanding the necessity of these skills, the institution provides much more platforms to improve students' communication skills.

ICT / COMPUTING SKILLS

IECW organizes computing skills-based programs for the beginners to learn recent digital technologies. Students are also given opportunities to learn practical skills on coding & programming and gain theoretical understanding of the new computing concepts. When the regulation of curriculum is updated by the University, we arrange orientation programme to update the students with the current topics which make the learning process easy.
